## VENDER TIPPING GUIDE

**Catering:** If your contract does not include gratuity, you should tip 15 to 20 percent of the total bill. Another way to tip is offering \$50 to \$100 for each chef and \$20 to \$50 per server.

**Wedding planner:** If you were 'WOWED', tip of 10 to 20 percent is a nice way of saying "thank you" for the efforts.

**Photographer and videographer:** Giving them an extra \$50 to \$200 is a nice gesture. If there are two or three shooters, giving a \$50 to \$100 tip to each person is optional.

**Ceremony staff/Reception staff/Delivery Staff:** You can offer them \$20-\$50 each.

**Officiant:** A \$100 donation to their church and/ or to them.

**Hair and makeup artist:**

A 15 to 20 percent tip is expected, just like it would be for any other regular salon visit, but it isn't required.

**Band or DJ:** Offering a 10 to 15 percent tip is a nice gesture to your band or DJ. For musicians, a \$25 to \$50 tip per band member is appropriate.

**Transportation:** A 15 percent tip is optional if it isn't included in the contract.

**Florist:** The florist does not expect a tip. However, if they do an outstanding job, you can consider giving them a 10 to 15 percent tip after services are rendered.

**Keep this in mind:** Though tipping at weddings has become more of a custom in all service areas, it is not mandatory or even expected by most wedding pros. With the exception of the catering staff.
